WHOLESALE
TRADE LIST

Ferndale Nursery
Askov, Minn.

TO THE TRADE

TERMS—

To customers who are known to us or who can furnish satisfactory references, we will ship stock on 30 days credit, unless other terms have been agreed upon. Persons unknown to us or with whom we have had no credit dealings must give trade references and allow sufficient time for investigation. To insure prompt shipment of rush orders, persons unknown to us should send money order to cover cost of stock and packing.

PACKING—

Prices quoted in this catalog **DO NOT INCLUDE PACKING AND BOXING**. This service will be charged for at actual cost of labor and material used.

C. O. D. SHIPMENTS—

Orders for stock to be shipped C. O. D. must be accompanied with 25% of the amount of the order.

PARCEL POST SHIPMENTS—

Cash with orders to be forwarded by parcel post **MUST** be accompanied with sufficient cash to cover parcel post charges. Otherwise stock will be shipped by express.

SHIPPING INSTRUCTIONS—

We prefer to have customers give explicit shipping instructions as to how stock is to be forwarded—freight, express or parcel post. Where method of forwarding is not specified or is left to us, we shall use our best judgment as to safest and cheapest method.

PRICES are **WHOLESALE** to **THE TRADE** only and subject **TO CHANGE** without notice. Use printed letterhead or Inspection certificate with first order.

All orders are accepted with the understanding that same shall be void should any injury befall our stock through frost, hail, drouth, or any other cause beyond our control.

B&B Evergreens are quoted one to five which price applies to 5 or less of one variety and size. Six or more take "Ten" price. If larger quantities are wanted and our supply warrants we will quote special price for 15 or more of one variety and size.

GUARANTEE—

We guarantee all stock to be true to name and in good condition when it leaves our grounds. We exercise every possible care to have all plants and trees true to name and will, upon proper proof, replace free of charge or refund full purchase price of any tree or plant sent out by us that may prove untrue to label.

We do not guarantee stock to live and no allowance will be made for stock which fails to live after planting.

It is agreed that the Ferndale Nursery shall in no case be liable for any sum greater than originally received for said nursery stock.

CLAIMS—

All claims for shortage and unsatisfactory stock **MUST BE MADE WITHIN TEN DAYS** from date of delivery. Claims for shortage, damage or delay in transit should be made to transportation company when stock is called for at freight or express depot.

GREENHOUSE SERVICE—

We operate a greenhouse and do a general retail floral business. We solicit orders for flowers to be delivered to the following Minnesota towns: Askov, Bruno, Finlayson, Hinckley, Kerrick, Sandstone, Sturgeon Lake and Moose Lake. Telegraph and telephone orders given prompt attention.

INSPECTION—

The stock of the Ferndale Nursery has been duly inspected by an authorized State Inspector, and found free from injurious disease and insect pests. Certificate of such inspection will accompany all shipments.

SPECIAL NOTICE

Our spring season for handling B&B evergreens is usually of very short duration and we are rushed to fill orders as they come in. For that reason we must ask you to place your order at least two days before you expect to call for them. We cannot promise to dig B&B trees while customers are waiting and **NO WHOLE-SALE ORDERS WILL BE DUG ON SUNDAYS.** If you wish to call for such trees on Sundays we will try to have them ready if given ample time and weather permitting.

HARDY FERNS

To save on transportation costs we suggest that you check your needs for Hardy Ferns and place your order early and ship by freight. It will not hurt them to freeze and no damage will be done if they are on the road up to a month at this time of the year. If they are frozen when they arrive, place them in a cool place to thaw out, then cover them with a mulch so they will not dry out and you can keep them in a cool place until you are ready to plant them.

Hardy Ferns are unexcelled for foundation planting in shady locations. Planted among the shrubbery and in the woodland they add beauty and interest to any planting.

Our list includes only such species as have been found dependable and well adapted to general planting conditions and easily grown under cultivation.

We invite mail order nurseries and Florists selling over the counter to get in touch with us for quotations on collections and bulk quantities. We can supply ferns in unlimited numbers.

Letters preceding common name indicate adaptability to growing conditions. R—adapted for rock garden; B—for bog or wet location; S—suitable for shady location; O—for open sunny places; species especially suited for foundation planting are so designated.

Numerals following botanical name indicate heights which plant may be expected to attain, depending on soil and culture.
